Modern First Editions: A Directory of Dealers in UK and USA

This reference book lists over 200 dealers in the UK and the US offering modern first editions and proof or signed copies of collectible modern classics. It has been produced to fill a specific need: there are already many reference books covering book-sellers and dealers in 'all' fields, but we think this is the first time a "single-genre" work has been attempted. We have included both shops open to the public and private dealers working from home: please ensure that if you plan to visit any of the PRIVATE dealers you make an appointment first. If the premises are private and the listing is POSTAL ONLY then that person does not want callers and works solely by post or phone. The book is presented in two main sections, UK & Ireland, and USA & Canada; it provides name, address, telephone and fax number, details of stock size and price guide for each dealer. The main dual-category index gives a good overview of who sells specific subjects and authors. All deal in modern first editions, and many also specialize in specific areas of modern English literature. A secondary index gives details of those who offer other subjects as well as modern first.
