Self-Reg: How to Help Your Child (and You) Break the Stress Cycle and Successfully Engage with Life Dr. Stuart Shanker

There's no such thing as a bad kid. That's what a lifetime of experience has taught Dr. Stuart Shanker. No matter how difficult, out of control, distracted, or exhausted a child might seem, there's a way forward: self-regulation. Overturning decades of conventional wisdom, this radical new technique allows children and the adults who care for them to regain their composure and peace of mind.

Self-Reg is a groundbreaking book that presents an entirely new understanding of your child's emotions and behavior and a practical guide for parents to help their kids engage calmly and successfully in learning and life. Grounded in decades of research and working with children and parents by leading child psychologist Dr. Shanker, *Self-Reg* realigns the power of the parent-child relationship for positive change. Self-regulation is the nervous system's way of responding to stress. We are seeing a generation of children and teens with excessively high levels of stress, and, as a result, an explosion of emotional, social, learning, behavior, and physical health problems. But few parents recognize the "hidden stressors" that their children are struggling with: physiological as well as social and emotional. An entrenched view of child rearing sees our children as lacking self-control or willpower, but the real basis for these problems lies in excessive stress.

Self-regulation can dramatically improve a child's mood, attention, and concentration. It can help children to feel empathy, and to cultivate the sorts of virtues that most parents know are vital for their child's long-term wellbeing. Self-regulation brings about profound and lasting transformation that continues throughout life. Dr. Shanker translates decades of his findings from working with children into practical, prescriptive advice for parents, giving them concrete ways to develop their self-regulation skills and teach their children to do the same and engage successfully with life for optimal learning, social, and emotional growth.

Darius Cramer:

That book can make you to feel relax. That book *Self-Reg: How to Help Your Child (and You) Break the Stress Cycle and Successfully Engage with Life* was vibrant and of course has pictures on there. As we know that book *Self-Reg: How to Help Your Child (and You) Break the Stress Cycle and Successfully Engage with Life* has many kinds or variety. Start from kids until adolescents. For example *Naruto* or *Private investigator Conan* you can read and think that you are the character on there. So , not at all of book usually are make you bored, any it offers you feel happy, fun and chill out. Try to choose the best book in your case and try to like reading that.

Matthew Gregg:

As a student exactly feel bored in order to reading. If their teacher inquired them to go to the library or make summary for some book, they are complained. Just tiny students that has reading's heart or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to at this time there but nothing reading seriously. Any students feel that looking at is not important, boring and can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country.

Therefore , this Self-Reg: How to Help Your Child (and You) Break the Stress Cycle and Successfully Engage with Life can make you experience more interested to read.
