## **The truth and error of Christian Science** M. Carta Sturge

It is some ten years since my attention was first drawn to Christian Science by one of its accredited lecturers, and the interest I took in it led me to study it with considerable care, to read many of the books written upon the subject, and to become associated with some of its genuine followers. Consequently, the criticism attempted in the following pages is by no means a hasty expression of dissent, such as is often at first aroused by its somewhat startling tenets, nor the result of a superficial, ill-digested study carried on through a few weeks or months. But it is the outcome of a genuine and sympathetic effort to understand and appreciate it, made through the course of several years.
