A Discourse on the Worship of Priapus Richard Payne Knight

With 25 illustrations. This extended essay on fertility worship in the Classical period was written by Robert Payne Knight, a distinguished English scholar, parliamentarian, writer, and antiquarian. Published in 1786, this book shocked English society to such an extent that Knight took it upon himself to suppress it. Although the study of the history of religion has vastly advanced since Knight's day, this was one of the first books to deal with the issue of sexuality and religion.
