Shots at Whitetails: A Hunting Classic Lawrence R. Koller

Since its original publication more than 20 years ago, 'Shots at Whitetails'... the first of Larry Koller's many books on guns and hunting...has become the 'deer hunter's Bible.' Now, republished after the author's death with updated technical information on equipment (rifles, loads, and telescopic sights), it is as instructive and invaluable as when it was first written.

It tells the reader everything about hunting deer: the woodcraft of hunting, the organization of the hunt, the place of archery in deer hunting, dressing the buck, preparing venison for the table, taxidermy, hunting equipment, sportsmanship, safety in the woods, equipping the hunter's camp, and, above all, the actual technique of hitting the buck.
