As popular as the Triumph Twins were in the 60s and 70s, they are quite possibly more popular now. The new book from Wolfgang Publications offers complete start-to-finish assembly and restoration sequences on two Triumph Twins, a 1963 Bonneville and a 1969 Bonniville. Also included is the start-to-finish assembly of the 1969 engine and transmission. Rather than try to describe the miniscule differences that often separated one year from another, this book offers a color gallery with left and right side views of all significant models from 1959 to 1983.
