## **The Enoch Plague** Matthew William

A plague has wiped out more than 99% of earth's population. Less than 200,000 humans survive. Among them, only eighteen-year-old Kizzy Cartwright has the ability to have children and being a mother is not in her plans. When a violent mutation strikes the male population, the fate of the world falls on Kizzy's shoulders. Rebooting an artificial intelligence hidden in the depths of a corporate facility remains the only hope for Kizzy's future.
