To what lengths would you go for financial freedom? Would you sell your soul? Detective Eddie Jones is plagued with those very questions. The widowed father of four is experiencing hard times at the worst time. His twin sons are about to graduate high school and want to go to Morgan State University. His preteen daughter passed an early entrance exam and will be attending high school a year early and his youngest child isn't old enough to go to school, so he has to figure out how to pay for child care out of pocket. How do you tell intelligent, well behaved kids that you can't afford to send them to school? You don't. You make a deal with the devil and hope it works out. After all, as long as the cash flows nothing can go wrong. Or can it?
