- Real Estate Agent: The Cardinal Rules for Success as an Estate Agent

Inside you will find everything you need to get your real estate agent license, track down your first client, build a list of leads and maintain a successful business, all on your own terms. Real estate agents typically earn 3 percent of whatever the total sale price of a property that they help sell happens to be. If the average home price is \$200,000 then this means you can expect a six-thousand-dollar payday, at the minimum, for playing a part in one of the most common big ticket transactions to take place across the world every day. If you can dedicate yourself to the cause, then there is no reason you cannot share in the bounty. And this job is available to anyone with a high school diploma so you can start right away.

This book also goes on to explain and simplify the three proven rules which will set you apart from the rest and help you dominate this business. Learn the most unique and effective tips that many real estate agents ignore, which will make you the most memorable and successful realtor in the pack.

The three cardinal rules are broken down into easy, manageable steps which makes this book the most efficient yet effective tool for any real estate agent who desires results and success.
