## **Broadsides from the Other Orders: A Book of Bugs** Sue Hubbell

Insects are, as E. O. Wilson says, "the little things that run the earth." Each is unique. Hubbell mixes science and poetry as only she can to bring insects from every order to life: butterflies, midges, gnats, ladybugs, longlegs, flies, bees, silverfish, katydids, dragonflies, crickets. It's essential reading if you want to know who is really running the earth.
