What would you do if you held Fate in your hands? 17-year old Macy Lockhart has the weight of the world on her shoulders. For thousands of years, she has been a Keeper in the ancient organization, the Order of the Moirae... and she literally holds fate in her hands. But this is something that she forgets because her memories are wiped clean in every life until it is time for her cycle to start again. For the last two thousand years, this has never been a problem. Until now. And now... Fate, the very thing that Macy was born to keep, is being challenged and she has only one choice: To return to a previous life to fix it; a life where she was Cleopatra's handmaiden, Charmian. And that's not all. Unless she interferes with the fabric of time, the very thing she has returned to repair, her soul mate will die leading Marc Antony's forces against Rome. Can she really stand aside and allow the love of her life to die all over again?
