## **Get Out of the Left Lane!!: Driving the Right Way** R.L. Tingstrom

No, this book is not about politics. Contrary to another possible interpretation of the title, it's not about how to bring the liberal thinker across the aisle to join the conservative side in the political arena. What it is about is bringing a little awareness of how we conduct ourselves while driving on the streets and highways of this country. Perhaps 99% of all accidents are caused by driver error, inattention, inexperience in being able to handle given driving situations, or just plain dumb actions on the part of the driver, passenger or pedestrian. Get Out of the Left Lane: Driving the Right Way is about reminding drivers of those things they really should already know or have forgotten, neglected, or ignored. It's about trying to inspire a little responsibility, knowledge and common sense into our daily habits, having consideration for others when driving on our roadways—aspects of civility that the mainstream of this country seems to be losing. This book is about pointing out where our weak spots are and making suggestions on how to strengthen them. It's about how to better manage both our manners and our actions while we're behind the wheel of an automobile. Bold recommendations are made on how to apply common sense in making our driving experiences safer, more efficient and more fun. Numerous pictures and illustrations are given to help the reader to visualize scenes from their own driving experiences to which they can relate. Cool Tips for Better Driving and a fictitious The Perfect Drive round out this entertaining and informative reading. Although this text reads like a novel, it's instructional in nature, and contains a collection of stories, personal examples, and scenarios that are interesting, informative, and brimming with wit and humor. I do hope you enjoy reading and learning from it. "A must read for all drivers from 16 to 96 years old."
