Young officer, Franz Bauer, is asked by the leaders of Xhystos to visit the mysterious city of Samaris and research the rumors that have been circulating. Several before him had left to explore the city and never returned. After a long journey by Altiplan and Aerophele, Franz reaches Samaris, only to find that the rumors he had heard in Xhystos don't compare to the real secrets held within the walls of this fantastic city. His sanity and the fate of the other explorers is at stake in this, the first installment of the now internationally acclaimed THE OBSCURE CITIES graphic novel series.

This edition, marking the 30th anniversary of the original English language publication, features an expanded main story, an all-new creator-approved translation, and new coloring. The book also contains the never before published-in-English THE MYSTERIES OF PAHRY, a THE OBSCURE CITIES story, originally published in four different parts, three in the French Comics magazine, A Suivre, from 1987 through 1989, and in the December 1994 issue of Macadam-plus.
