## **Beyond the Ocean's Edge: A Stone Island Sea Story** D. Andrew McChesney

Is it possible to sail beyond the ocean's edge to another world? In 1802 Royal Navy Lieutenant Edward Pierce is ashore on half pay because of the Peace of Amiens. He fortunately gains command of a vessel searching for a lost, legendary island. When the island is found, Pierce and his shipmates discover that it exists in an entirely different but similar world. Exploring the seas around Stone Island, HMS Island Expedition sails headlong into an arena of mistaken identities, violent naval battles, strange truces, dangerous liaisons, international intrigue, superstition, and ancient prophecies. Detained by that world's equivalent of Great Britain, Pierce struggles to free his ship and crew. Despondent over giving up his ship and possibly never seeing his beloved Evangeline again, Pierce's outlook brightens when he discovers new-found friends working to liberate him and his crew. With time he comes to understand the prophesized role he and his companions are to play in that other world.
