## **Essays On Freedom of the Will** A. Schopenhauer

Schopenhauer's prize essay *On the Freedom of Will* is one of the classics of Western philosophy, dealing with the question of free will versus determinism. His treatment of the problem of free will is by no means obsolete, containing penetrating reflections relevant to contemporary discussion.

As such, it forms a useful introduction to Schopenhauer's philosophy in general. Equally, the essay can be studied with profit independently of Schopenhauer's metaphysical views.

This new edition of the sole English translation of this classic text contains an expanded bibliography, index and preface in which the translator comments on recent scholarship on Schopenhauer.
