Losing My Religion: Wooing and Losing a Goddess: The Tale of a Bad Romance in the 21st Century

Adoration so powerful that it demands absolute worship. The ultimate extension of the amor of the romantic knight of chivalry. The absolute willingness to do anything for the pleasure of the woman the knight is sworn to. The cliched, "your wish is my command." This is the realm of the submissive male, giving himself totally to the service of his Lady, his Mistress. A realm of dangerous potentialities, especially when the submissive and Mistress are both married to other people. This is the story told through poetry - a failed love affair between two people linked through the digital realm, living 1500 miles apart, unable to see each other, touch each other, kiss - but deeply in love with each other. Raw and unpolished, the tale told is an explicit and powerful descent into the blurred realm of long distance love in the 21st century. Where longings are brought to life in dreams and nightmares defying the distance separating two lovers.
