Excerpt from the Preface: This is a brief history of the border and the humble shepherds who work with them and who has been so favorably depicted in both the Old and New Testaments. However, I hope this will be interesting, as well as instructive, to those who read this book. I do this with the greatest of pleasure, because it is a subject in which I am deeply interested as I am a competitor in our trials here in the United States and Canada and have been for a quarter of a century. This relates the experience and pleasure I have gained in those years since I attended my first trial and the anxious anticipation and interest in the Border Collie for many years before my first trial. Also with the deep interest and the welfare of the Border Collie, this interest should also be of the greatest importance to all who are interested in the trials and the working Collie, as well as those who are using the Border Collie wherever they work, along with those who are breeding. Perhaps it will be an inspiration to the younger aspirants who will follow in the years to come, as the true shepherd has always been a true inspiration to me. Surely he has a favored and respected calling as the man who watched the flock by night, heard of the birth of Christ from an angel of the Lord, and went to Bethlehem to see the thing that had come to pass. Can there be any doubt that the Border Collie was handed down from the same source with the ability and sagacity of the shepherds to understand and develop the greatest and the brainest of all the so called lower animal kingdom, the Border Collie.
