## **Taking America Back: A Radical Plan to Revive Freedom, Morality, and Justice** Joseph Farah

According to Joseph Farah, Americans are faced with an unresponsive and unaccountable one-party political system, an establishment propaganda machine posing as a free press and cultural institutions—educational, charitable, entertainment, religious, medical and others—seduced by the materialist gods of an all-powerful secular state. Even more important, the crisis this represents cannot be resolved through the political system by electing new politicians to office. A much more profound, long-term, and fundamental shift is needed, one that rejects the validity of the all-powerful, all-knowing, all-controlling state and affirms the values upon which the American nation was founded. *Taking America Back* is about freedom, the freedom the founding generation of leaders fought for in establishing the United States. Farah shows how, as a nation, we have moved from being freedom fighters to comfort lovers and he calls for all Americans to realize where our present state of affairs is taking us.
