Throughout Jewish history, we have had shining examples of exemplary personalities who have demonstrated to us through their actions the way to attain inner harmony. Through the lives that they led and through the teachings that they imparted, they have enabled us to gain insight into how to live more meaningful lives. Many of these personalities were women. It is astonishing how many of the challenges in these women's lives mirror those of modern times. The experiences and achievements of these women's lives mirror those of modern times. The experiences and achievements of these women of the past can provide much needed insight for today's modern women. The goal of this book is to examine the lives of great women from our past. As women, and in particular, as Jewish women today, we are motivated to analyze the lives of these inspiring role models. By tapping into their source of power and strength, we can bring greater fulfillment and completion into our own lives, and into the world at large. By applying the lessons of these great women to our personal lives, we will learn to utilize our unique, feminine capacity to bring about the ultimate rectification and harmonization of ourselves and the world around us, thus emerging in the New Era as the Crown of Creation.
