When the fourth round of the Minecraftia Survival Games begins, the Snow Wolves team believes that events will unfold much the same as they always have.

Unfortunately, an unexpected betrayal changes everything.

With one of their members dead from the start, the four remaining teammates must run for their lives.

They have almost no equipment and are beset by two teams that both seem hungry for revenge.

Only exceptional planning, superior cleverness and a fair degree of luck will keep them from becoming the prey to their predators.

The chances of them coming out the victors in Arena Four seem nonexistent.

The more relevant problem is - will any of them survive?
