Skin is a beautiful apprentice female shaman and sleuth seeking to solve a prehistoric murder. She is also a bisexual Neanderthal hybrid who is searching for answers in a world full of glaciers, sabre-toothed tigers and magic ritual. Set in the mysterious northern and central Europe of the last Ice Age, *Primal Skin* is the story of a quest for spiritual and sexual enlightenment at the beginnings of human history.

Her nomadic journey, accompanied by her friends, is fraught with danger, adventure and sexual experimentation. The mood is eerie and full of symbolism, and the book is evocative of the best-selling novel *Clan of the Cave Bear*.
