## **The Art of Loving (Classics of Personal Development) Erich Fromm**

Since it was first published "The Art of Loving" has become a classic, inspiring thousands of people with its clarity and power. Erich Fromm, the renowned psychoanalyst, sees love as the ultimate need and desire of all human beings. In this book, he discusses every aspect of the subject: romantic love, the love of parents for children, brotherly love, erotic love, self-love and the love of God or the divine. He looks at the theory of love as it appears throughout the cultures of the world and at the practice, how we show or fail to show love to one another. Love is an art, which we need to develop and practice in order to find true commitment. We need to find it, individually and as a society as a whole. Erich Fromm is one of the major figures in the field of psychoanalysis. He devoted himself to consultant psychology and theoretical investigation for many years. He was the author of numerous books, including "Fear of Freedom" and "Psychoanalysis and Zen", before his death in 1980.
