## **The Story of the Palatines: An Episode in Colonial History (Classic Reprint) Sanford H. Cobb**

Story of the Palatines was contemplated, render it proper to state, by way of preface, that the book is purely historical and in no sense genealogical. The sole attempt has been to narrate, in as brief compass as was consistent with the value and interest of the facts, the story of a people. The tracing of the lines of family descent did not come within the scope of such a narrative. To do that for all the Palatines would be work for more than a lifetime ;and were it done, the record thereof would be out of place in a book designed for the general historical student. Nor has any attempt been made to transfer to these pages the name-lists of the several immigrations.

(Typographical errors above are due to OCR software and don't occur in the book.)
