;

An Analytical Approach to Understanding and Interpreting Business Financial Statements

;

Understanding Financial Statements improves the student's ability to translate a financial statement into a meaningful map for business decisions. The material covered in each chapter helps students approach financial statements with enhanced confidence and understanding of a firm's historical, current, and prospective financial condition and performance. The **Eleventh Edition** includes new case studies based on existing companies and enhanced learning tools to help students quickly grasp and apply the materials. Fraser and Ormiston presents material in an engaging fashion that helps readers make sense of complex financial information, leading to intelligent (and profitable!) decision-making.
