Picture it: One day you're an internet-loving, smartphone needing, modern convenience addicted little ninny who can barely survive without central air, let alone in the wild, but then disaster strikes and you find yourself stranded way outside of you're wifi range with nothing but the scraps of clothes on your back and a good strong knife.

Scary, isn't it? What ever will you do? Welp, that's what this book is for. Don't worry your pretty, spoiled little head. In this book lies the secrets to bushcraft. Not unlike witchcraft because it's magical, but very unlike it because no hocus pocus. You won't be conjuring up anything.

Just good old fashioned survival of the fittest. If you want to be the fittest you'll have to learn to master your knife, yourself, and your surroundings. Bushcraft is something that many people find entertaining either through movies, books, or television scenarios or even in reality shows, but not so many people take the time to learn for themselves.

That's all about to change because by the time you finish this book you'll be able to go into the bush and win in the fight of man versus nature. Well, either that or you'll have something cool to say at dinner parties.

Anyway, we're going to get you trained up in the best bushcraft techniques in the simplest terms.
