Few people are aware of the injustices working women in the USA suffer due to antiquated laws and attitudes. They are often cheated in regard to Social Security benefits and get unfair treatment in divorce or child support actions because they work. Childcare subsidies have arbitrary cutoffs. Other issues include the “pink tax,” caregiver status and the price we pay in stress.

This book gives a history of the rise of the Working Woman in this country, the problems she faces and what we can do to help.
