Little Green Frogs (Fold Out and Find Out) Frances Barry

Explore the wonders of things that grow! These Fold Out and Find Out books have pages that open and transform before your eyes.

Frog eggs are floating in the pond, but how will they grow? Each shaped page shows a different stage: eggs hatching into tadpoles, the appearance of back and front legs in froglets, and finally, disappearing tails. Now the frogs are ready to hop up for air, onto the lily pads formed by the opened book.
