Visitors from Within Lyssa Royal, Keith Priest

Lyssa Royal and Keith Priest take a fresh and unorthodox look at the UFO abduction phenomena that seem to be occurring with increasing frequency in our troubled times. Through narrative channeled material and first-hand accounts the authors engage our curiosity and challenge our preconceptions. This approach helps make sense of the baffling and often traumatic aspects of abductions. PUBCOMMENTS: An excellent resource for therapists and researchers who work with abductees and people who have had encounters. It is a good guidebook for the general public to help understand the different types and how they work together within the confusing array of alien typology. Overall, there is a good, grounded approach to the subject which helps remove the fear and sense of helplessness associated with the visitor experience.
