Klaus Staeck: Pornografie

Klaus Staeck: Pornografie

Here is a bewildering collection of curios of everyday violence: press photos of street fights, naked victims of war, and tortured prisoners follow staged body-art pictures and a wide array of objects colored by desire, power, exposure and surveillance. With a name that refers to x-rated images and the obscene, the works shown in *Pornografie* may be far from a voyeur's expectations. Indeed, it is filled with obscene photos, but as the philosopher Herbert Marcuse put it: "It's not the picture of a naked woman that's obscene but that of a general who shows off his medals earned in a war of aggression." The book is a complete work of art, offensive in every sense of the word, and as an artistic manifesto about violence in the twenty-first century, it couldn't be any more current, especially given movements like activist art. *Pornografie* was first published in 1971, and has subsequently become an outstanding and timeless document of political artwork.
