Even the best families can have dark secrets. Some people would say that Nick Baker has it all: the trust fund, the family connections, and the country club membership. However, the Baker dynasty is in decline, and being a Baker comes with obligations as well as a family history of insanity. Already prone to panic attacks, when Nick sees a supernatural creature dancing outside his office window, he wonders if he's just hallucinating or suffering a complete mental collapse. However, the creature is all too real, and it has come to collect on a promise made by one of Nick's ancestors, the secret of the Baker's success.
