Robot Envy is an online community with thousands of fans and hundreds of artists coming together to celebrate the world's best robot art. It began back in 2012 with a successful kickstarter campaign featuring a specialty sketchbook/package design project created by davpunk. Since then, the Robot Envy network has flourished, promoting a new artist every week for the past 3 years. This "robolution" inspired a second sketchbook titled, "Robot Envy: Reconstruction," which featured brand new sketches and designs from davpunk. Founder Dave Pasciuto (davpunk) said, "We have curated the best robot inspired artwork on the planet. It's time to promote the creators and bring their work to life. This is why we launched Robot Envy: Zenith."
