Drones (Cutting-Edge Technology) Louise Spilsbury

Is it a bird, a plane, or maybe even a drone flying overhead? This amazing book tackles the history of drone technology and where future development will take these exciting aircraft. Known mostly for its use in the military as surveillance equipment or even in combat, these pilotless flying machines are now used all over the world by ordinary people who love remote controlled vehicles. Today, drones of all shapes and sizes can achieve amazing things, even if its just taking photos or some video in someones backyard. This book investigates the complicated role drone technology plays in our modern lives, and what future development will mean for our privacy and safety.
