Every so often, there are periods when Marie is awakened from dreams, all of a common theme. One such series of dreams occurred around the time of the election and early presidency of Barack Obama. Because of the frequent recurrence of these thoughts, she decided to write down the information that came to her. She began to place a pen and pad on the night stand next to her bed. So as not to be drawn too far from her dream state, she used a small flashlight to throw enough light on her page as these thoughts streamed into her consciousness. In this manner was this book transcribed reflecting realities of the president his inner circle and the rest of the nation. With a name like Marie Pierre, one can't be too sure which Marie Pierre is which. It's such a common name that there are literally thousands of them.
