Reiki, The True Story: An Exploration of Usui Reiki Don Beckett

Reiki: The True Story is a comprehensive investigation of Reiki as both a healing practice and a lifelong path of spiritual awakening. Author and Reiki expert Don Beckett weaves together a new story about Reiki's origins and its founder's true vision. The foundation of this book is the teachings of a group of Reiki founder Makao Usui's original students, who held their master's knowledge in secrecy for more than seventy years.

After a general introduction to Reiki, Beckett presents a thorough history of the discipline (including the testimony of some of Usui's students) as well as an in-depth manual for practice. The author rounds out his exploration with material from world renowned, contemporary Reiki Masters, Beckett's own insights into the nature of Reiki energy, as well as information about the chakra system, yin and yang, and the Five Transformations. The book concludes with a chapter entitled "Beyond Reiki," which bridges knowledge of Reiki with the lesser-known practice of Johrei. Thorough explanations coupled with cutting-edge discoveries about Reiki's past make this a compelling volume for novice and experienced practitioners alike.
