Life Before Birth: Normal Fetal Development, 2e Marjorie A. England

This atlas presents a unique collection of visual material that charts the development of the normal fetus using three-dimensional, colour photographic views. Unavailable elsewhere, this unparalleled teaching tool, showing each stage of fetal development, acts as a visual companion to medical student textbooks and serves as an invaluable guide to midwifery students. Updates to this edition are the new Carnegie system of staging, improved imaging illustrations including the latest CT and MRI scans, a complete revision of lymphatic system coverage, additional histology illustrations and improved colour fetal illustrations.
