What gives meaning to your life?... Why do you believe what you believe? ... Are there any moral absolutes? ... Can you be spiritual all by yourself?... Is there a God?... Is it possible to be spiritual without any concept of God at all?... This book offers no answers to these and similar questions. Instead it aims to help readers to think for themselves and develop their own responses to them. It can be used by members of any religious faith - or no religious faith. The author says: "LIFE SPIRIT will help you to explore not only what you believe, but also why you believe it - ideally in community with others who are on a similar quest. LIFE SPIRIT is also about what you do as a result of what you believe and feel and experience. It is about how to live so that your own life is spiritually enriched, and how to live so that the lives of others might benefit too."
