As a university student exactly feel bored in order to reading. If their teacher requested them to go to the library or even make summary for some reserve, they are complained. Just minor students that has reading's heart or real their passion. They just do what the educator want, like asked to go to the library. They go to there but nothing reading significantly. Any students feel that looking at is not important, boring and can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for yourself.
